Have you had your feet slip forward on the irons?	YES	Have you ever lost your Irons before?	YES
What do you like about Toe Stoppers?	I like Toe Stoppers because they always put your foot in the right place and your foot just stays there. So while you are going around a course you don't have to keep fiddling with your irons. Also they keep my lower leg in a better position.		
Are you aware of the danger of being hooked up and dragged?	YES	Have you ever been hooked up or dragged?	NO
Do you know of a rider who has been hooked up or dragged? Please briefly mention the incident.			
A girl who was 11 years old, her horse got a fright and she was dragged around the show grounds for at least 20mins. Fortunately she did live. I think she wouldn't have been dragged if she was wearing Toe stoppers.
