<p><b>What I liked about the Toe Stoppers</b></p> <p>The Toe Stoppers are a 100% safety idea. They are a great piece of equipment. The toe stoppers keep my foot in the perfect place in the stirrup during a race and I know if my horse stumbles, dips or is bumped my foot will not move. A great invention.</p>	
<p><b>Other:</b> Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes <input checked="" type="checkbox"/> No <input type="checkbox"/></p>	
<p><b>Other:</b> Would you use the Race Toe Stoppers in races if you were given a specific 0.5 kg weight allowance incentive? Yes <input checked="" type="checkbox"/> No <input type="checkbox"/></p>	
<p><b>Important:</b> Have you been hooked up in the stirrup iron or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.</p> <p>I myself have not been, but I am aware of several incidents where other riders have been. There is no doubt the toe stoppers will prevent this.</p>
