What I liked about the Toe Stoppers Comfortable Felt safe
easier to push out.
Just felt safe over all.

Other: Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes No

Other: Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive? Yes No

Other: Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death? Yes No

Other: If available would you wear the Toe Stoppers every time you ride? Yes No

Important: Have you been hooked up in the stirrup iron or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident. Seen young Sam McCrear
Dragged from horse after getting foot caught in iron.

Do you have a suggestion how Toe Stoppers could be improved.
