What I liked about the Toe Stoppers

The track riders seemed comfortable riding in the toe stoppers & as a trainer I feel it is another step to safer conditions for the riders.

Other: Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes No

Other: Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive Yes No

Other: Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death Yes No

Other: If available would you wear the Toe Stoppers every time you ride? Yes No

Important: Have you been hooked up in the stirrup iron or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.

Do you have a suggestion how Toe Stoppers could be improved.
