Tracks where used  Metropolitan  Jockey  Track rider  Trainer

Riding occasion  Metropolitan race  Country race

Tick all boxes where used.  Track work in metropolitan area  Track work in country area

Date(s) How often used Days 2 Weeks Months

No of times used 5 Month & Year used

Weather  Cold  Warm  Hot

Track condition  Good  Fair  Poor

What I liked about the Toe Stoppers  
Felt safer & better balanced.  
especially when riding a young horse.

Other: Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes  No

Other: Would you see the Race Toe Stoppers in races if you were given a weight allowance incentive? Yes  No

Other: Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death? Yes  No

Other: If available would you wear the Toe Stoppers every time you ride? Yes  No

Important: Have you been hooked up in the stumps won or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.

I have been hooked up when saddle slipped.  
Watched another rider dragged to his death.

Do you have a suggestion how Toe Stoppers could be improved?
