What I liked about the Toe Stoppers

VERY COMFORTABLE, SAFE AND SECURE

Other: Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes No

Other: Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive? Yes No

Other: Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death? Yes No

Other: If available would you wear the Toe Stoppers every time you ride? Yes No

Important: Have you been hooked up in the stirrup iron or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.

HAVE BEEN HOOKED UP IN IRONS BUT NOT DRAGGED. TOE STOPPERS FEEL LIKE THEY WOULD PREVENT ANY SUCH INCIDENT.

Do you have a suggestion how Toe Stoppers could be improved. GREAT INVENTION
