**What I liked about the Toe Stoppers**

My feet didnt slip forward and I felt really safe.

**Other:** Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes  No

**Other:** Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive

The weigh allowance would hinder me as I am a very light jockey. Yes  No

**Other:** Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death For the heavy ones Yes  No

**Other:** If available would you wear the Toe Stoppers every time you ride? Yes  No

**Important:** Have you been hooked up in the stirrup iron or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.

I have been lucky to never been hooked up before, but I am aware of the accident in the South Island recently.

Do you have a suggestion how Toe Stoppers could be improved.
