What I liked about the Toe Stoppers				
They are very comfortable				
Other: Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>				
Other: Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>				
Other: Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>				
Other: If available would you wear the Toe Stoppers every time you ride? Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>				
Important: Have you been hooked up in the stirrup iron or dragged before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.				
I have been hooked up when a horse whipped around. I do know of jockeys being dragged after race falls				
Do you have a suggestion how Toe Stoppers could be improved.
