ATT: Mr Adrian Morgante

Thank you for sending the toe stoppers for a trial, they are fantastic. As we have such a lot of small children joining our trail rides we feel more comfortable using the toe stoppers.

Also for the beginner rider I have found that the toe stopper provides the safety required to prevent their feet from slipping through the irons.

I have also suggested to our local Pony Club that they would be great for the young show jumping riders to help keep their feet in the correct position.

I highly recommend the toe stoppers for trail riding as well as pony club riders.

Regards
Karryn Hancock
