Subject: Using Toestoppers

Dear Sirs,

I have recently had a riding holiday in Iceland and took a pair of your toestoppers with me which I purchased from my local tack shop Hoof Aloof here in Nottinghamshire.

I am disabled due to a serious riding accident and my left leg will not remain in ordinary metal stirrups. So the tack shop recommended I take a pair of your toestoppers with me and I would just like to say thank you.

I had a wonderful holiday and my feet stayed secure for the whole of the 180kms and we covered the terrain much of the time at a cracking pace and we forded rivers, climbed up and down mountains.

So once again many thanks, I will continue using them and recommend them to my friends.

Mrs Gwen Reavley
