Toe Stoppers Feedback.

We have had fantastic feedback from your Toe Stopper in Auckland, NZ.

My daughter has been eventing with it and the results are great.

I met you at the Magic Millions Brisbane Sale in January, but all I seem to have is your Green Info. Sheet.

I wonder if you would consider me looking into placing the "Toe Stopper" here in N.Z.

I have tried them too and think the product / result is great.

Regards

Jackie Koford.
