To Adrian,

I have been using "Toe Stoppers" for some time now and have found the results to be nothing short of brilliant.

Through the use of "Toe Stoppers" young children gain the extra confidence knowing "Toe Stoppers" will provide them with extra support, comfort and keeping their feet in a constant position with safety being the main priority at all times.

My daughter Sabrina first used "Toe Stoppers" at 3 years of age on her pony, and also insisted on using the "Toe Stoppers" on her rocking horse indoors.

Another benefit is the durability, lightweight and the ease of keeping clean at all times, giving me the confidence to use and recommend the "Toe Stoppers" to anyone.

Kind Regards,

Kim Durante
