**What I liked about the Toe Stoppers**

I feel more comfortable & confident riding with toe stoppers - I know I'm not going to get hung up if I come off. I have been riding with them for about 2 years now and I won't ride without them - even on my own Competition Horses at home.

**What I didn't like about the Toe Stoppers**

That they are not compulsory for all Equestrian purposes, especially the Racing Industry.

**Other:** Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? yes  no

**Other:** Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive yes  no  N.A.

**Other:** Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death yes  no

**Other:** If available would you wear the Toe Stoppers every time you ride? yes  no  I do!

**Other:** Have you been dragged or hooked up before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.

One morning last year I saw a rider get hooked up and dragged at Coolwa Beach. I believe that this wouldn't of happened if toe stoppers were compulsory.
