What I liked about the Toe Stoppers

SUPPORT, SAFETY, BALANCE, COMFORT, PROTECTION

What I didn't like about the Toe Stoppers SHOULD HAVE BEEN INVENTED EARLIER.

Other: Do you believe if the Track Toe Stoppers were made compulsory they could prevent riders from being hooked up and dragged, therefore reducing injuries and deaths? yes  no

Other: Would you use the Race Toe Stoppers in races if you were given a weight allowance incentive yes  no

Other: Should jockeys be given a Toe Stopper weight allowance if it could save them from being hooked up or dragged causing serious injuries or death yes  no

Other: If available would you wear the Toe Stoppers every time you ride? yes  no

Other: Have you been dragged or hooked up before or are you aware of a rider being hooked up or dragged. Please briefly mention the incident.

YES, HAVE BEEN HOOKED UP IN THE IRONS AND DRAGGED AND BEEN HURT QUITE BAD AND IF I HAVE HAD THE TOE STOPPERS THIS INCIDENT WOULD NOT HAVE HAPPENED.
