Report for the Toe Stoppers

I am a part of a college polo team, so I was a bit wary of using the Toe Stoppers at first as I wasn't sure if they would get caught in the other players tack.

But fortunately this hasn't happened and because of the Velcro they would snap of easily if the worst was to happen.

I am very pleased with them, because while using them I am able to reach farther and lower because I know that my feet aren't going to get stuck if I fall.

When I first wore them my team mates gave me a bit of hassle for wearing them, **but as a result my performance rate has risen.**

They are comfortable to wear and easy to fit and it's great they come in large sizes.

The Toe Stoppers are also great for when it is raining as they keep the stirrups dry and prevent slippage.

I would recommend Toe Stoppers to anyone.
